FEATURE FILMS

EVER THE LAND

Friday 11 September, 8pm & Saturday 12 September, 4.30pm.

For 150 years, the relationship between Tuhoë and the New Zealand government has been defined by longstanding grievances over colonisation experiences. Then, in 2014 history was made: Tuhoë's ancestral homelands were returned, the New Zealand government gave an official apology and Tuhoë built the first ever "Living Building" in New Zealand, conceived as a testament to their values and vision of self-governance. Ever the Land tracks the birth of this building and provides an artful insight into the gentle ebb and flow of Tuhoë life.
Documentary | 1hr 30mins | Exempt | Country of Origin: New Zealand.

TANGERINES

Saturday 12 September, 8pm & Sunday 13 September, 4.30pm.

In 1992, war breaks out in the Abkhazia region of Georgia. Most of the Estonians living in Abkhazia flee the combat region, but Ivo, a taciturn grandfather, insists on staying behind to help his neighbour, Margus, harvest tangerines. The war reaches them quickly and after a fire fight on their doorstep, Ivo takes in two serious casualties: a Georgian and a Chechen. As the war rages outside, the two sworn enemies must find a way to resolve their differences. 2015 Academy Award and Golden Globe Award nominee (Best Foreign Language Film).
Drama, War, World Cinema | 1hr 27mins | M | Violence & offensive language | Country of Origin: Estonia, Georgia | Language: Russian, Georgian and Estonian with English subtitles.

TOMORROW WE DISAPPEAR

Sunday 13 September, 8pm & Friday 18 September, 4.30pm.

At first glance the Kathputli Colony, an artist colony hidden away in the alleyways of New Delhi, looks like any other Indian slum. Flies swarm its putrid canals. Children climb on drooping electrical wires. Construction cranes and an ever-expanding Metro line loom on the horizon. But Kathputli is a place of magic. For half a century, 2,800 jugglers, acrobats, puppeteers, painters, folk singers and magicians have called its narrow alleyways home. Then in 1992, the New Delhi government sells Kathputli to developers. The land is to be bulldozed to make room for the city's first-ever skyscraper and the artists must find a way to unite...or splinter apart forever.
Documentary | 1hr 20mins | Exempt | Country of Origin: India, USA.

WALKING THE CAMINO: SIX WAYS TO SANTIAGO

Wednesday 16 September, 4.30pm & Thursday 17 September, 8pm.

An up-close look at one of humanity's most time-honoured traditions: walking the ancient pilgrim path, the Camino de Santiago. Millions of people from all over the world have travelled this route – which stretches 500 miles across Spain to the city of Santiago de Compostela - for over 1,000 years. In the Middle Ages, pilgrims sought forgiveness for their sins and admission to heaven and the Camino remains, for many, a quest of faith. Whatever their motivation, no one can predict just how their path will unfold, who they will meet, what personal demons or angels they will face, or what transformations they will undergo by the trail's end.
Documentary | 1hr 24mins | PG | Coarse language | Country of Origin: USA, Spain.

LEARNING TO DRIVE

Thursday 17 September, 4.30pm & Friday 18 September, 8pm.

Wendy is a fiery Manhattan author whose husband has just left her for a younger woman; Darwan is a soft-spoken taxi driver from India on the verge of an arranged marriage. As Wendy sets out to reclaim her independence, she runs into a barrier common to many lifelong New Yorkers: she's never learned to drive. When Wendy hires Darwan to teach her, her unraveling life and his calm restraint seem like an awkward fit. But as he shows her how to take control of the wheel, and she coaches him on how to impress a woman, their unlikely friendship awakens them to the joy, humor, and love in starting life anew.
Comedy, Drama, Romance | 1hr 45mins | M | Sex scenes, offensive language and drug use | Country of Origin: USA.
